

TENANT SCREENING PLUS PRICE SHEET

Tenant Screening Plus makes it easy to make the right decisions. You gain insight, clarity, and confidence — so you can minimize risk and rent with peace of mind.

With Tenant Screening Plus, it's about data – not intuition. You take control by sending the tenant a secure link where they can provide the necessary information. Keyhole then analyzes the data and assigns the tenant an overall assessment based on the results.

The tenant is assessed based on several factors, including:

- Payment remarks
- ID validation
- Calculation of disposable income

The result provides a solid foundation for decision-making, so you can rent out with confidence and professionalism—every time.

PRICES:

	Lookups	Price / check	Price
Pay as you go	1	140 NOK	
Prepaid bundle	10	135 NOK	1.350 NOK
Prepaid bundle	50	130 NOK	6.500 NOK
Prepaid bundle	200	125 NOK	25.000 NOK

All prices are in NOK excluding VAT and effective from October 1, 2025.
Please note that VAT is not applied, as Keyhole is a financial company.

TENANT SCREENING PLUS TERMS AND CONDITIONS

Billing and Payment

Tenant Screening Plus is invoiced monthly in arrears for "Pay as you go" and in advance for prepaid bundles. Payment terms are net 14 days.

Delivery Terms

Tenant Screening Plus generally requires that you request access to the product.

If the solution is used without purchasing a prepaid bundle or entering another written agreement, billing will automatically follow "Pay as you go" prices according to the current price list.

Terms of Use

By using Keyhole Tenant Screening Plus, you agree that:

- *Billing occurs when a tenant completes all or part of the registration process. If the tenant does not start the process, no charges apply.*
- *Screening results are available for 7 days and are automatically removed thereafter.*

To perform a tenant assessment, the following data is required:

- *Payment remark data from all providers*
- *Data regarding the tenant's disposable income*

If any of these data points are missing, the assessment cannot be completed.

Processing of Personal Data

Keyhole processes personal data in accordance with the Data Protection Act and respects the rights of data subjects.
